

Teija Konttori

Director

Vision Hunters

Ms. Teija Konttori is a Director at Vision Hunters, a forest industry consulting company with global network of independent thinkers.

Teija has over twelve years of management consulting experience with a focus on market pulp and hygiene businesses. Teija has supported investors in assessing global markets and in designing their strategies. Ms. Konttori supports Vision Hunters clients in their strategic investment decisions, by leveraging on her deep business understanding of the forces affecting the competitiveness of the market pulp industry. Teija has acted as project manager for pulp mill feasibility studies, she has created and assessed pulp marketing strategies, analysed the supply/demand balance of global pulp markets and led global pulp supplier and customer surveys.

Before joining the Vision Hunters, Teija Konttori has worked for ten years at Pöyry Management Consulting where she was a senior advisor to the Global Pulp Business Practice Team.

Teija Konttori has a Master of Science degree in Pulp and Paper Technology and in International Business & Strategy from the Helsinki University of Technology, Finland.

Teija has lived several years in Brazil working for Pöyry and providing strategic advice to Brazilian forest industry companies. She speaks fluently Finnish, Portuguese and English. Teija is based in Vision Hunter's Head Office in Helsinki, Finland.
